The MARYLAND GAZETTE.

[XX^th Year.] THURSDAY, July 29, 1764. [No. 1002.]

An Act to prevent PAPER BILLS *to* CREDIT, *hereafter to be iſſued in any of his Majeſty's Colonies or Plantations in America, from being declared to be a legal Tender in Payment of Money; and to prevent the legal Tender of ſuch Bills as are now ſubſiſting, from being continued beyond the Periods limited for calling in and ſinking the ſame.*

WHEREAS great Quantities of Paper Bills of Credit have been created and iſſued in his Majeſty's Colonies or Plantations in America, by Virtue of Acts, Orders, Reſolutions, or Votes of Aſſembly, making and declaring ſuch Bills of Credit to be legal Tender in Payment of Money: And whereas ſuch Bills of Credit have greatly depreciated in their Value, by Means whereof Debts have been diſcharged with a much leſs Value than was contracted for, to the great Diſcouragement and Prejudice of the Trade and Commerce of his Majeſty's Subjects, by occaſioning Confuſion in Dealings, and leſſening Credit in the ſaid Colonies or Plantations: For Remedy whereof, May it pleaſe Your moſt Excellent Majeſty, that it may be enacted, And be it enacted by the King's moſt Excellent Majeſty, by and with the Advice and Conſent of the Lords Spiritual and Temporal, and Commons, in this preſent Parliament aſſembled, and by the Authority of the ſame, That from and after the Firſt Day of September, One Thouſand ſeven hundred and ſixty-four, no Act, Order, Reſolution, or Vote of Aſſembly, in any of his Majeſty's Colonies or Plantations in America, ſhall be made for creating or iſſuing any Paper Bills, or Bills of Credit of any Kind or Denomination whatſoever, declaring ſuch Paper Bills, or Bills of Credit, to be legal Tender in Payment of any Bargains, Contracts, Sales, Debts or Demands whatſoever; and every Clauſe or Proviſion which ſhall hereafter be inſerted in any Act, Order, Reſolution, or Vote of Aſſembly, contrary to this Act, ſhall be null and void.

And whereas the great Quantities of Paper Bills, or Bills of Credit, which are now actually in Circulation and Currency in ſeveral Colonies or Plantations in America, emitted in Purſuance of Acts of Aſſembly, declaring ſuch Bills a legal Tender, make it highly expedient that the Conditions and Terms, upon which ſuch Bills have been emitted, ſhould not be varied or prolonged ſo as to continue the legal Tender thereof beyond the Terms reſpectively fixed by ſuch Acts for calling in and diſcharging ſuch Bills; be it therefore enacted by the Authority aforeſaid, That every Act, Order, Reſolution, or Vote of Aſſembly, in any of the ſaid Colonies or Plantations, which ſhall be made to prolong the legal Tender of any Paper Bills, or Bills of Credit, which are now ſubſiſting and current in any of the ſaid Colonies or Plantations in America, beyond the Time fixed for the calling in, ſinking, and diſcharging of ſuch Paper Bills, or Bills of Credit, ſhall be null and void.

And be it further enacted, by the Authority aforeſaid, That if any Governor or Commander in Chief, or Member of the Council, for the time being, in all or any of the ſaid Colonies or Plantations, ſhall, from and after the ſaid firſt Day of September, One Thouſand ſeven Hundred and ſixty-four, give his Aſſent to any Act or Order of Aſſembly, contrary to the true Intent and Meaning of this Act, every ſuch Governor or Commander in Chief, or Member of the Council, ſhall, for every ſuch Offence, forfeit and pay the Sum of One Thouſand Pounds, and ſhall be immediately diſmiſſed from his Government, and for ever after rendered incapable of any public Office or Place of Truſt.

Provided always, That nothing in this Act ſhall extend to alter or repeal an Act paſſed in the twenty-fourth Year of the Reign of his late Majeſty King George the Second, intituled, An Act to reſtrain and reſtrain Paper Bills of Credit in the Governor's Colonies or Plantations of Rhode-Island and Providence Plantations, Connecticut, the Maſſachuſetts Bay, and New Hampſhire, in America, ſo far as to prevent the ſame being legal Tender in Payment of Money.

Provided alſo, That nothing herein contained ſhall extend to make void any Act, Order, Reſolution, or Vote of Aſſembly, in any of the ſaid Colonies or Plantations, declaring any Paper Bills, or Bills of Credit, to be a legal Tender in Payment of Money, which ſhall be made for the Purpoſe of calling in and ſinking any Paper Bills, or Bills of Credit, now ſubſiſting and current in any of the ſaid Colonies or Plantations.

WE have a certain Account, that the Marquis of Granby is returned from the Camp to his Regiment, and that he is adored by the Army for his Bravery, Humanity and Integrity, but begs his Friends not to expect the leaſt Preferment or Diſtinction on his Account, as he is reſolved to ſerve his Country in his Profeſſion, and to Preferment without paying the ſordid Tribute of Adulation. [Extract of a Letter from a Gentleman at Worceſter, dated the 8th inſtant.]

It was on the ſame Day that the Parliament was prorogued, that Mr. (now General) Conway, reſigned his Employments. It has been ſaid, that this Gentleman, upon one Queſtion, acted with the Miniſtry in Parliament.

The following Letter was ſent by the Corporation of Thetford to General Conway.

To Lieutenant General CONWAY.

WE the Mayor, Aldermen, and Corporation of Thetford, have for many Years paſt, conſidered you as our worthy Member, for your long ſpirited, conſiſtent, and valuable Conduct in Parliament; particularly on that moſt important Queſtion to the Liberties of us all, the Seizure of private Papers by the Warrant of a Secretary of State; a Queſtion which remaining undecided, muſt make every Engliſhman tremble; and which, till declared to be Illegal, leaves the glorious Revolution Unfiniſhed.

Your Behaviour, Sir, on that Occaſion was worthy of the unbounded Integrity, which you have always manifeſted. Therefore we, Body of Miniſters, now have demanded your Seat in Common to be equal to your Bailiwick; you have forgot your Intereſt of your Country againſt Courts and Foreign Connections.

We honor your Senſible Mind we have heard that they were particularly recommended to favour by that great Judge of martial Merit, Prince Ferdinand. That Honour, Sir, cannot be taken from you. Some Sets of Peaſants may be eaſily led by Intrigue and indigent Miniſters, who may know their Bread is ſtopped, and Starving Miniſters, but your Country (and may it continue!) this free Country, to whom Caſtle you have fought from the noblеſt and moſt diſinterested Motives, will join in conferring the Juſt of Rewards, Applauſe. Theſe are Senſes, when it would be a Diſgrace not to be poſſeſſed. Continue to act as you have always done, and may every Borough in the Kingdom be as worthy, manifeſted as the Corporation of Thetford. Dated at our Guildhall, this 28th of April, 1764.

Mr. Conway's Anſwer.

To the Mayor, Coroner, and Corporation of the Borough of Thetford, in Norfolk. *London, April 30, 1764.*

Gentlemen,

I SEE no cauſe to accuſe the moſt grateful Acknowledgments of the ſingular Honour you are pleaſed to do me, by your Letter of the 28th inſtant, to which, Juſt Reaſon I ever have an Claim, but that of having acted from the Dictates of my own Honour and Conviction, and of that firm and faithful Attachment to his Majeſty's Perſon and Intereſt, with which I have been governed to do my Duty during a Courſe of many Years Service in my Profeſſion. To that alone I muſt owe any Degree of Approbation my ſmall Merit could obtain from this great Prince under whom I have had the Honour to ſerve. And if any Part of my Behaviour in a civil or military Capacity can have entitled me to your Applauſe, you may be aſſured, Gentlemen, that as it was not meant to do Service to the Favour of my Conſtituents, ſo it ſhall be my conſtant Object to maintain it, by a ſteady Adherence to that Conduct and thoſe Principles which you recommend.

I have the Honour to be,

With the higheſt Gratitude and Reſpect,

Gentlemen,

Your moſt obedient,

And moſt devoted Servant,

H. S. CONWAY.

The Grafton and Lenox Men of War, now coming home from the Eaſt-Indies, have on board a very conſiderable Quantity of Diamonds, Indian Spices, belonging to the ſtout Galleon taken at the Manillas, which is likewiſe coming Home along with them.

Many Gentlemen, well verſed in the commercial Affairs of North-America, [illegible] that the eſtabliſhing a Currency of Gold and Silver, in the ſeveral Colonies of America, will be the beſt Remedy [illegible], yet at firſt laſting ſuch, to call in the Paper Money by Taxes aſſeſſed, will be attended with Difficulties almoſt inſurmountable, both to the Inhabitants and Government, as well as occaſion a conſiderable Diſtreſs in the ſeveral Courts of Exchequer.

It is ſaid the Duke will be ſtarted for Somerſetſhire the Spring by offering the Market of Taunton with the neighbouring Towns.

Yeſterday was publiſhed the Book from Portſmouth, in the Weſtminſter Gazette, in a Piece of Satire, entitled, Town of Idleneſs; among which is a Deſcription of Quality of Gold, towards home in the Deſcent down of [illegible] Hexameter Verſe. The above Piece brings Advice, that the Public Affairs at that Place are in a very flouriſhing Condition, and that the Inhabitants are [illegible] during the Recreation of Parliament.

It is ſaid the Duke of Bedford will be ſent Ambaſſador to France, during the Sitting of the preſent Parliament.

Yeſterday was publiſhed,

At the late Meeting at Newmarket, a Gentleman of great Fortune, in one Day lost Ten Thousand Guineas; in two Races more this Week was trebled; and as the Sport is judiciously fet out for Town, refolving to recruit his Purfe as above for that Time; for they were fo extremely ill ufed.

We hear that a noble Perfonage won laft Week at Newmarket, no leſs than 40,000 l.

The Spirit of Gaming is now ſo prevalent amongſt the lower Claſs of People, that a Butcher in Clare-market, laſt Week at Newmarket.

There are daily making on the Weſtmoreland's riding from London to Edinburgh 10 to 12 Horſes, any Time in one Month. The Diſtance is 400 meaſured Miles, and the Time allowed 200 Minutes, which is one Minute and near 48 Seconds to a Mile. The Gentlemen of the Turf obſerve, that the ſwifteſt Children, one of the fineſt Horſes ever in England, and who rode 27 Feet a Stroke, could not have run above four Miles at that Rate, which was conſequently about 200 Miles an Hour; and as perfect as it is conceived, the Generality of the beſt Race-horſes in England make only ſeven Yards, or 21 Feet a Stroke; and conſidering the Diſadvantage of Uphill, Croſs-ways, through the different Towns and Villages between London and Edinburgh, the Undertaking is one of the greateſt of the Kind ever known, although it is doubted there may be a Poſſibility of performing it.

BOSTON, *June* 28.

We have from Portſmouth, New-Hampſhire, that on Wedneſday laſt as one Mr. Shirley of Chelſea, and another Man were travelling above a Mile from that Place, a Flaſh of Lightning inſtantly ſtruck him and Horſe dead upon the Spot, and much burnt the other Perſon; his Cloaths ſmelt very ſtrong of Brimſtone, and his Face turned purple. Some Papers in his Pocket were ſcorched, and the Edges of two Dollars melted; his Hair was alſo burnt off his Head. What is remarkable, the Clap which followed the Flaſh was not very loud, ſcarcely heard a Mile from the Accident.

July 2. We are well aſſured, that the Gentlemen of New-York have contracted with the Manufacturers of this and Connecticut Governments, for Fifty Thouſand Yards of Woollen Cloths; being determined no longer to wear the Britiſh Manufactures of any Kind, which may be had in America.

NEW-LONDON, *June* 29.

On the 20th Inſtant was finiſhed the raiſing Mr. Thomas Lathrop's Bridge, at Norwich-Landing, ſtanding over Shetucket River; it being the moſt curious and compleat Piece of Architecture, of the Kind, ever erected in America. It is 124 Feet in Length, and 28 Feet from the Water, and the Water 30 Feet deep; having nothing underneath between the Butments to ſupport it, but is entirely ſupported by the Geometry work above, and is ſuppoſed to be ſtrong enough to bear 30 Tons weight. The Work was perform'd by Mr. John Bliſs, of Norwich, ſaid to be one of the moſt curious Mechanicks this Age has produced. It is remarkable the raiſing this Bridge was compleated in about two Days, (it having taken 28 Days to raiſe the former Bridge) and not a Perſon hurt, nor the leaſt Accident happening, not even the loſs of a Tool.

NEW-YORK, *July* 9.

One of the Sloops that was carried into Cape-Francois, in Company with Capt. Clayton, by a French Man of War, as mentioned under the Philadelphia Head, arrived here laſt Monday, and confirms the Account he brought; but we are ſince credibly informed, That an Engliſh Frigate, having Occaſion to call at Turk's Iſland, and obſerving the French erecting ſome Works there, ordered them to deſiſt; but they not chuſing to comply, the Engliſh Commander landed Part of his Crew, killed 28 Frenchmen, and took ſeveral Priſoners.

ANNAPOLIS, *July* 19.

For about Ten or Eleven Days paſt, we have had a great deal of Wet Weather, and ſeveral Thunder Guſts, which has done much Damage to the Harveſt on both Shores, many Thouſands of Buſhels having thereby been entirely Deſtroyed.

On Wedneſday laſt Week, the Lightning ſtruck the Dwelling-Houſe of Mr. *Joſiah Cowman* at *Weſt-River*, ſplit one of the Chimnies, tore the Wainſcotting of the Room in which the Family were ſitting, and killed a Dog lying at a ſmall Diſtance from them; but did no other Damage.

The ſame Day the Lightning ſplit a Tree near this Town.

Laſt Thurſday Died in *Virginia*, *Thomas Fabre*, laſt Poſt-Rider between This and *Alexandria*: He went up to *Winchester* on ſome Buſineſs, and meeting with a Rattle-Snake he cut it in two with a Hanger; but ſhortly after handling the Head Part, and viewing the Mouth, it bit him in the middle Finger, which prov'd his Death.

Wanted on Charter, to Load with Tobacco,

TO BE SOLD by PUBLIC VENDUE, on Thursday the 26th of this Inst. July, at Pig-

A PARCEL of likely [illegible]

contained Nine thousand pieces Duffels, by fome Accident fell overboard, and fell into the River. The Dragoons are very busy in searching for it; but their Endeavours hitherto have not met with Success.

At the late Meeting at Newmarket, a Gentleman of great Fortune, in one Day loft Ten Thousand Guineas; in two Days more, this Sum was trebled; and on the fourth he judiciously set out for Town, resolving to tempt his Stars no more for that Time; as they were so unfavourable an Aspect.

We hear that a noble Personage won last Week at Newmarket, no less than 40,000 l.

The Spirit of Gaming is now so prevalent amongst the lower Class of People, that a Butcher in Clare-market lost 600 l. last Week at Newmarket.

Betts are daily making on the Nobleman's riding from London to Edinburgh in 72 Hours, any Time in one Month. The Distance is 402 measured Miles, and the Time allowed 720 Minutes, which is one Minute and near 43 Seconds to a Mile. The Gentlemen of the Turf observe, that the famous Childers, one of the finest Horses ever in England, and who made 27 Feet a Stroke, could not hold out above four Miles at that Rate, which was computed about 250 Miles an Hour; and at present it is computed, the Generality of the best Race-horses in England make only seven Yards, or 21 Feet a Stroke; and considering the Disadvantage of Uphill, Causeways, through the different Towns and Villages betwixt London and Edinburgh, the Undertaking is one of the greatest of the Kind ever known, although it is admitted there may be a Possibility of performing it.

BOSTON, *June* 28.

We hear from Portsmouth, New-Hampshire, that on Wednesday last as one Mr. Shirley of Chester, and another Man were travelling about a Mile from that Place, a Flash of Lightning instantly struck him and Horse dead upon the Spot, and much wounded the other Person; his Cloaths smelt very much of Sulphur, and his Face turned purple, some Papers in his Pocket were scorched, and the Edges of two Dollars melted; his Hair was also burnt off his Head. What is remarkable, the Clap which followed the Flash was not very loud, scarcely heard a Mile from the Accident.

July 2. We are well assured, that the Gentlemen of New-York have contracted with the Manufacturers of this and Connecticut Government, for Fifty Thousand Yards of Woollen Cloths; being determined no longer to wear the British Manufactures of any Kind, which may be had in America.

NEW-LONDON, *June* 29.

On the 20th Instant was finished the raising Mr. Thomas Leffingwell's Bridge, at Norwich-Landing, standing over Shetucket River; it being the most curious and complete Piece of Architecture, of the Kind, ever erected in America. It is 124 Feet in Length, and 28 Feet from the Water, and the Water 30 Feet deep; having nothing underneath between the Butments to support it, but is entirely supported by the Geometry work above, and is supposed to be strong enough to bear 50 Tons weight. The Work was perform'd by Mr. John Bliss, of Norwich, said to be one of the most curious Mechanicks this Age has produced. It is remarkable the raising this Bridge was completed in about two Days, (it having taken 28 Days to raise the former Bridge) and not a Person hurt, nor the least Accident happening, not even the loss of a Tool.

NEW-YORK, *July* 9.

One of the Sloops that was carried into Cape-Francois, in Company with Capt. Claxton, by a French Man of War, as mentioned under the Philadelphia Head, arrived here last Monday, and confirms the Account he brought; but we are since credibly informed, That an English Frigate, having Occasion to call at Turk's Island, and observing the French erecting some Works there, ordered them to desist; but they not chusing to comply, the English Commander landed Part of his Crew, killed 28 Frenchmen, and took several Prisoners.

ANNAPOLIS, *July* 19.

For about Ten or Eleven Days past, we have had a great deal of Wet Weather, and several Thunder Gusts, which has done much Damage to the Harvest on both Shores, many Thousands of Bushels having thereby been entirely Destroyed.

On Wednesday last Week, the Lightning struck the Dwelling-House of Mr. *Joseph Cowman* at *West-River*, split one of the Chimnies, tore the Wainscotting of the Room in which the Family were sitting, and killed a Dog lying at a small Distance from them; but did no other Damage.

The same Day the Lightning split a Tree near this Town.

Last Thursday Died in *Virginia*, *Thomas Faber*, last Post-Rider between This and *Alexandria*: He went up to *Winchester* on some Business, and meeting with a Rattle-Snake he cut it in two with a Hanger; but shortly after handling the Head Part, and viewing the Mouth, it bit him in the middle Finger, which prov'd his Death.

Wanted on Charter, to Load with Tobacco,

A VESSEL that will carry about 220 Hogsheads. Any Person whom this may suit, is desired to apply to the Printers, who will more particularly inform, as to Terms, &c.
